Turns at Bat Drive in
Five Runs

The Giants beat the Cubs at Philadelphia in a rain-soaked game by a score of 9 to 3. While the Cubs did not, however, as the matter of an out-batted and rain-soaked day (to share).

Giants' key pitch, as a base runner, was the key. The Giants' key pitch, as a base runner, was the key. The Giants' key pitch, as a base runner, was the key.

This put the Giants in exactly the same position they were last night, when, injuries turned the infield inside out. Killy was put in to play at second and Terry played first.

The unsuccessfulness of the shift caused Killy to make a couple of errors, which made him making easy for the Cubs. Killy had been laboring under the misapprehension that his second base days were over.

He has winning streak of two games now compiled by the Giants, Jimmy Hing did some nice pitching, and when Pritchard injured caused the infield to be polished, and on top of that, the rain storm came, Hing was carrying fairly a severe hand.

BUSY GOLF SEASON FACES DON GARRICK

Montreal, June 2.—Donald Garrick, Canadian amateur golf champion, has a busy season of tournament play ahead, according to present plans. The youthful Montrealer has just completed his season at St. Andrews in Scotland and is expected to visit his father, J. J. Garrick, here this week. He will return almost immediately to Toronto, where he will start to prepare for the coming competition.

Garrick will first compete in the Ontario amateur championship, starting June 27, and in the Ontario open on June 21. The following week he will defend his crown in the Canadian amateur championship over the course of the Toronto Golf Club. This contest concludes on July 8. On July 8 Garrick will tee off in the United States open at Columbus, and on July 14 to the U. S. western open at St. Paul.

He will return to Montreal for the Canadian open over the Royal Mount Golf Club's course at Dixie, starting Aug. 5, and on Aug. 19 will be a competitor in the U.S. western junior championship. He will conclude a strenuous season's campaign in the U.S. amateur championship in September.

Indications point to a big crowd for the good events and ball game. The Agricultural Society have worked hard to put the celebration over his and are deserving of the support of the populace.

We are just wondering how ball games are scored in Petersburg. In the best scores of the game the Petersburg score does not credit Palmer or Henry Mills with any hits. When a batter comes up with a man on base and hits to an infielder and that player does not commit an error but he has to force the runner out on the base, to which he is advancing, the batter not credited with a hit.

Would be a bludge, flustering soft to meet.
Within the eye—alas, we only hear.
The shuffling gait, only from its track.

We long to pack a shot which travels straight.
Goes to have the crowd on the fairway, fast and low;
But how we drive still drive down, to the rough, where logs and bushes grow.

Upon the course there is no hole with.
Which, slipping, wades it way through valleys green.
To which we've not outstayed a pill,
The too-lasty lifting of the loon.

It's rarely that we make a decent shot;
Beneath our club the sphere, lings ball and lame.
Yet should you ask us, we'll confess we've not
A single thought of giving up the game.

WALTER TURNBULL.
Alex Hill, eighteen, pitcher for Murrill team over Port Arthur, is believed to have created an amateur "drawn" pitcher's style when in a league game he struck out the complete batting order of the Murrill team in the first three innings. As the nine men were in the line-up, Hill's bench pitcher and catcher were the only players to touch the ball. The leader of the strike was the string of strike-outs with a put fly on his second time up, but Hill won his game with two hits for a shut-out.

Among the Girls**

A meeting was held in the Y.M.C.A. last night for the purpose of organizing a girls' football league. A general discussion took place and the unanimous opinion of those present was that a girls' league would go over "big" here. The teams represented were the following: High school, St. Charles, Mount St. Charles, and Porter Ward.

The meeting was adjourned until Friday night when officers will be elected and a schedule drawn up. All teams who wish to enter must be represented on Friday night.

Baseball training prior to the Fourth of July did not mean much more than the verdict of a fortune teller, but it began to look as if the experts will have to make room for Miller Hughes' snuffing Tugboat.

With one of the most powerful attacks the majors have ever in many days, the Yankees for June have done exactly opposite to what was generally predicted. The contact of the snuffing Blue Sox has caused his make to brighten and not darkened even by the most optimistic fan. And if it keeps much longer it is reasonably certain that New York will have a good chance of seeing half of the world's stars.

New owners street cars to be used in St. Catharines and Niagara Falls were introduced to the former city by the C.N.R.

**IF BACK OR
KIDNEYS ACHE
DRINK WATER**

\$1.00

Flush your kidneys by drinking a glass of water each day. This is the only remedy, says a noted authority, who tells us that too much rich food forces acids which clog the kidneys. In their efforts to expel it from the blood they become sluggish and weak; then you may suffer with a dull aching in the kidney region, sharp pains in the back or a nervous, distasteful, urine-stomach course, tongue is coated, and when the weather is hot you have rheumatic twinges. The water gets cloudy, full of sediment, the character often gets sour and irti and if you do not seek relief two or three times during the night.

To help stimulate these irritating acids to help cleanse the kidneys and flush out the body's urinous waste, get a course of Flack's water when you may have been taken a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then get set free. This famous saline is made from a blend of maple and lemon juice, combined with salts, and has been used in the treatment of kidney ailments for many years. It helps flush and stimulate the kidneys in the system so they are never sluggish kidneys, also to neutralize the acids which cause the irritating kidney ailments.

Just a little is imperative; can not injure and make a delightful effervescent, light-water drink.

—For a person whose eyes have begun to lose their vision, the power of this condition affects everyone who lives to the age of 100.

Once more I suggest to such folks that they be urged to have their eyes checked every three years or so. It is a simple matter to get you a perfect service in this respect at slightly less than the average price.

FIRE DESTROYS BOYS' INJURED HOUSE ON BAY WHEN POWER FAMILY ABSENT IN JAR EXPLODES

Mr. Overton Jameson Has Heavy Loss—Neighbors Land a Hard

Fire from an unknown origin last night destroyed the home in which Overton Jameson, 1020 Bayview, lives, leaving the family, including his wife, Nellie, and three children, in a state of distress.

Mr. Overton Jameson has been a resident of the home for many years. He is a well-known figure in the community and has been active in many of its organizations.

The fire broke out at about 10:30 p.m. and spread rapidly, destroying the house and the contents of the basement. The family was awakened by the fire and fled to the street.

The cause of the fire is not yet known. It is believed that the fire started in the basement, where there is a large amount of stored goods.

The loss to Mr. Jameson is estimated at \$10,000. He has been able to secure a loan from a local bank to help him meet his expenses.

The family is now living in a temporary home. Mr. Jameson is expected to return to his home in a few days.

The fire has caused a great deal of damage to the neighborhood. It is hoped that the fire will not recur.

The fire has also caused a great deal of damage to the property of the neighbors. It is hoped that the fire will not recur.

Mourning Countyside Follows Three Heires

Continued from page one
down by, soon starting to check the chain signs of their grief, the first, Mr. Holland addressed the gathering, referring first to the fact all three of the dead were well known, probably to every man, woman and child present, not only well known, but well and favorably known, for they were beloved by all. His voice hoarse with emotion, Mr. Holland said, "And particularly sorrowful in the fact of the young people, Keith Ostrander and Geraldine Dumas were engaged to be married shortly."
The girl who was to have come to the Ostrander house in the Autumn was borne rather for the last time a victim of a tragedy which had reached throughout the province. The speaker referred to the uncertainty of life, our physical destiny not in our hands but our mortal life to be

when at any moment is the victim of the Almighty God. He referred to the necessity of preparation for death at all times. The lives taken last week had nineteen, twenty and twenty-two years in which to prepare their souls for eternal life.

WORDS OF COMFORT
He spoke of the value of the shadow of death in which we all tread daily. "To make a shadow," he said, "it is necessary to have a light and the light through which the shadow is cast is the favour." He concluded with reference to the promise of a glorious reunion hereafter. "Just," he said, "we have gathered here today, so I know we, our beloved friends and relatives, will gather together in the home which He is preparing for us. Death is the most bitter element which enters into our lives; we know it is the terrible end of human life. It is a separation, bitter when it comes, but we must take comfort in the certainty that He has gone to prepare a home for each of us and that we will meet again beyond this world of sorrow and suffering."

Men and women, who had shortly before been visibly overcome by grief, took courage from the comforting words of the speaker and who were hushed until from the door, preceded by friends, their arms laden with the floral offerings, the bodies were borne to the waiting carriages.

THE PAIR REMAINS
The last hearse for Miss Delmar, all clad as the victim had so often moved about with them clad, in white blouse and skirt, went Miss Lucy Hodgins, Flossie Robbins, Kathleen Johns, Gertrude Wattman, Edith Hollis and Gladys Haddins. Miss Ostrander was borne by Miss Ella Collier, Miss Dorothy Withers, Miss Leslie Withers, Mrs. Howard Delmar, and Mrs. Sidney Burdett. There then followed the pall bearers for Miss Delmar, Keith Ostrander's hearse, were Howard Delmar, John Ross, Donald Thompson, Clara Morrison, Queen's Minister, and Harry Ross.

THE FUNERAL
And down the road, part of which happy picnic party of Sunday had travelled, the procession of three hearse followed by a multitude of grieving friends, went to the last resting place where the three young people will sleep in eternity. The sun shone brightly, the lilacs from which the young people had happily broken boughs on Sunday greeted their presence as the solemn cortege passed to Cherry Valley, and after the funeral service at the

grave the saddest multitude drove off to their several homes.

Though standing apart in his great grief, Mr. Roy Delmar seemed ready to talk over the tragedy of Sunday night. He told a representative of The Intelligencer that after being directed as to the road the little party of four drove about with no apprehension until about two o'clock before they dropped, he realized that instead of the light shade of the lavender, a black space, which he realized to be water, rose before them. Not a word was spoken or

very uttered as the car shot them to their fate in the bay. He said that he himself had been with, and as a school teacher had taught, but it was his only one--he said in the water, one will rise. "That he had possession of the car directly he saw the bay, he was about to happen, and having been previously precipitated from the car he frequently looked from the

bottom of the bay to the surface. He said that as his body left the car something touched him, this by him was either one of the girls clinging to him or the door of the car striking him. He remembers being taken from the water, borne to the hospital, morning Dr. J. J. Robertson there and his gradual realization of the terrible tragedy which had befallen

him the lives of his three companions. He himself is more or less a nervous wreck, but bore up wonderfully under the strain of all he had been through. He is anxious for the resumption of his duties as school master, in order to some way to forget the terrible tragedy.

COUNTY DESERTED
Throughout Wednesday the whole

countryside of Prince Edward area practically deserted as all the farmers and residents had gone to the funeral. Motorists wishing directions as to the road were forced to drive out of the way in order to find one person at a farm or village house. Doors were left unlocked, signs and crops unguarded, when the whole countryside poured to the scene of the service.

Britain's Purchasing Power is Being Lessened While It Last

Ottawa, Ont., June 12.—The British coal strike must be ended by the end of the month in order to stop a decline of national purchasing power, Treasurer Baldwin today said in an address before 15,000 Conservatives here.

The premier said that one of the tragedies of the present time was that Great Britain's purchasing power was being diminished daily because of the industrial crisis.

CUSTOMS PEOPLE NOW INFORMED OF DUTY

Oshawa Plant of General Motors to Go "Full Steam"

Oshawa, June 12.—A memorandum has been sent to all customs officers in the vicinity of the Oshawa plant of General Motors, advising them that the plant is now operating at full capacity and that the duty on automobiles has been adopted by parliament.

The bill covering these proposals which reduced the customs duty on automobiles from \$100.00 (from 35 to 37) and a half per cent and those valued at under \$100.00 from 35 to 30 per cent, has passed both the house and the senate. The reduced tariffs have, however, been in effect from the time the Hon. J. A. Robt. Bennett, Minister of Finance, introduced the bill on April 15, but failed to refund the amount has not been accepted by parliament.

CUSTOMS TO CONTINUE

Oshawa, June 12.—Mr. R. G. McLaughlin, President of the General Motors of Canada, Ltd., has issued the following official statement dealing with the duties on automobiles imported from the United States of America:

"A few weeks ago the Government announced a new tariff schedule covering by affecting the automobile business in Canada, which would have meant a heavy increase in the duty on automobiles and many other industries dependent on it. The Government has now decided to reduce the duty on automobiles from 35 to 37 per cent and those valued at under \$100.00 from 35 to 30 per cent. This is a very important announcement that I am sure will be of great benefit to the citizens of Oshawa and I hope, to the people of Canada as a whole."

"The people of Oshawa are fully aware and as is now pretty generally understood, that the Government in reducing the tariff on automobiles from 35 to 37 per cent and those valued at under \$100.00 from 35 to 30 per cent, has decided to reduce the duty on automobiles from 35 to 37 per cent and those valued at under \$100.00 from 35 to 30 per cent. This is a very important announcement that I am sure will be of great benefit to the citizens of Oshawa and I hope, to the people of Canada as a whole."

CHURCHES EXPRESS PLEASURE
AT CONSUMPTION OF UNION

Methodist. On June 11, 1926, the annual general council of the United Church of Canada met down to business this morning with services of gratitude for the past year and the reception of committee reports. Churches and, looking forward to the consummation of union and the celebration of the centennial of the Methodist Church in Canada, the United Methodist Church, the General Conference of the Methodist Church of Australia, the Congress of the United Church of England and Wales and the various East Western sections of the Evangelical Methodist Conference.

Reports of committees on permanent organizations of the church were received and will come up for discussion later.

A little girl was shown her university brother. Looking at him he said: "You are a little girl, aren't you?"

"Yes, but when?" persisted the child. "Well, not for a year or so." After thinking for a moment, the child exclaimed: "How funny. Miss Clark read out of the Bible this morning that Job cured the hour; he was born."

ONE 25 IN INDIA BELIEVE CHRISTIANITY
Toronto, Ont., June 14 (Canadian Press).—Some idea of the number of people living within the borders of India may be learned by totaling the millions who baptize Christians of the United States, South America, and Africa, declares Paul Verghese, M.A., and prominent scholar of religions. In a recent lecture at the city, Verghese delivered in this city he spoke of India's 200,000,000 population and said 250 different languages were used in the country. He pointed out that many of the people of the country. This provided many translations and some untranslatable problems which might be built responsible for the continuous strain.

Verghese stated the people of his country were intensely religious, and prepared to make any sacrifice but he emphasized the fact that only about two percent of them were believers in the Christian faith. He pointed out that many missionary workers go into his native land.

A LITTLE Polish boy, without telling his parents changed his name the first day in a Canadian school. He had a fine Polish name, but he was in Canada, in a new world, and he wanted a name that would symbolize his great change.

European women, upon coming to Canada, quickly retroactive the manner of things they buy for their tables and their homes. An authority has estimated that foreign-born women ask for goods by their advertised names within two weeks after they have begun housekeeping in Canada.

They are quick to sense that in the new world the good things are advertised, and that unknown goods in unknown stores are likely to be of unsatisfactory quality.

As the European woman quickly learns, Canadian advertising is for the buyer's protection.

An advertised product bears a proud name. It has a reputation to uphold.

GALLANT MEN

The plain tale of real heroism which this newspaper has been privileged to place before the public during the past two days in which a brave Belleville man, William Correll has played so gallant a part in a case which the world has seen, it seems to the Intelligence Printing Co., Inc., in the City of Belleville, Ontario, Canada, that it is a case of circumstances which calls for recognition by the authorities and the Royal Humane Society in some tangible fashion.

Diligently to go into swimming waters and save a girl's life knowing all the time of the risk, is an act that calls for the bestowal of some honor. It parallels what in war-time would be recognized by the V.C.

And speaking of gallantry, Bellville should not forget the recent courageous action of Lieut. Earl B. McQueen, late R.N.V.R., in diving to the rescue of a drowning swimmer, the bodies of two girls so tragically drowned in the harbor; nor the gallant lay water in the ice-capped harbor water for the bodies of two little lads who had perished under the ice. Mr. McQueen was the one man brave with the exception to the use of diving apparatus available for both operations under water, of sound physique and stout heart be it about his actions talk without the slightest hesitation.

CHEAP AT THE PRICE

Coincident with the baseball season has appeared the arriving announcement of a British scientist which permits an analysis of what the fan gets for his money. In brief, Prof. A. H. Hill, of the University of London, has announced experiments, by a pump, in the 100-yard dash and finds that no 11-second man used up 80,000 foot-pounds of energy.

To translate this into baseball, it may be assumed that the six runners in an average game who come home in the six who do not disappear a total energy nine times the amount lost by the sprinter. Credit the batter who swings so lustily and strikes so frequently with each move. And the players in the field undoubtedly consume a quantity equal to that of the team at bat—perhaps more, but one must not stretch the figures.

Well, 36 times 80,000 is 2,880,000 foot-pounds and a kilowatt-hour is only 2,655,000 foot-pounds. That means that the chap who puts up 50 cents for his ticket in the game is purchasing energy at the rate of 40 cents a kilowatt-hour. That is high, but the energy is the least of it. The game. They use as much of it as electricity in the Fair Grounds on the Leaf Stadium. The skill of the players and the elevating enthusiasm of the fan are worth many times as much. That puts the energy consumed to 4.6 cents a kilowatt-hour, which is not a bad rate. For domestic customer it is cheaper to go to the ball game than to get electricity and run the vacuum cleaner. Need you say more?

VICTORY TALKS

As a matter of fact what a different complexion two local victories in one day puts upon the town. The emphatic baseballers took a day off, and only at the expense of the National and Allentown teams were transgressions by their adherents short of those who expected to remain to boot.

TOO BIG FOR COMFORT

Cities which every New York Times population should be less jealous when they note that the metropolis of the U.S.A. finds its people must not walk over each other unless some plan is devised to get them out of downtown sections.

Walker has appointed a committee of 473 to study conditions and to recommend some scheme of betterment.

Manhattan is swamped, its traffic was clogged by the millions who pour into it and out of it morning and evening. The towering structure of which it boasts and in which foreign visitor's marvel have proved to be the bane of the city's existence. Bullions rose their tall towers into the sky, giving space for thousands of people who find it increasingly difficult to get to and from their work. The problem present is not merely to provide better transit facilities—that would mean greater congestion in Manhattan—but to encourage establishment of industrial and residential districts outside this territory, the gradual elimination

of it from business which can be transacted as well, or better, elsewhere and which like with them will shrink as being incapable of the multitude that now solution at an hour's day. Whatever program of relief is advanced will be a tremendous undertaking, studied with interest.

JUST A FEW USED CARS LEFT!

So great has been the demand on the part of the motor vice buyers of this city and district during the last few days, that we have pretty well cleared our stock of Guaranteed, Reconditioned Used Cars. And there's a reason, for each buyer knows that our reputation stands behind each sale, and that each car is as represented.

We have a few good buys left—which we consider the best used car values in the city right now. Come and see for yourself.

QUEEN'S FUND

NOW \$250,000

Announcement Made at the Campaign Headquarters Kingston

Extensive papers report that additional headquarters at Queen's University Kingston appeal for donations of \$250,000 have now been made in amount in excess of \$250,000. Indicate

Use all point to a successful conclusion of the campaign.

Organization in all parts of Canada and the United States is going to be one family and Queen's graduates are including their share for the final work of raising the various dispirited objectives. Mr. R. Balfour, Jr., campaign director, is at present in Canada and Montreal, where enthusiastic meetings have been held. On Thursday and Friday he will be in Toronto. It is expected that when the big reception takes place here next fall in early September report of a successful fund will be announced.

TENNIS

Commencing at once the opening tournament will start at the famous law courts and the first round will be as follows:

1. Brown vs. A. Black.
2. Armstrong vs. McLeod.
3. Adams vs. W. McIntosh.
4. McFarlane vs. O'Leary.
5. Jones vs. G. Smith.
6. Fisker vs. E. Nurse.
Ladies:
Miss E. Stone vs. Miss H. Sinclair.
Miss H. Stone vs. Miss H. Doyle.
The first round of this tournament must be played by Friday, June 28, and the second round, weather permitting, about the completed, by June 29 (Friday). The final for the ladies championship will be played on Saturday, June 30. Although the season has been backward as far as tennis is concerned, still the players are starting a much better game than they ever played before. The winners in this tournament will thus be the first representatives of the Argyle Club in the inter-collegiate games which will be played here on July 3. The Argyle Club is to be the guest of the St. Andrews Club this P.M. when a series of matches will be played.

WOMAN WAS KILLED WINDOW WASHING FELL

Chicago, June 27.—James Vande, a window washer, played sixteen stanzas by his death from the window of a downtown office building and killed a woman pedestrian, upon whom his body crashed. Ropes attached to Vande's safety harness broke. The woman, Mrs. Catherine J. Lee, the mother of five children, suffered a broken neck and a fractured skull. Her purse was \$160 plus which she had received. She was walking for a street car at the time of the accident.

The Marquis

BY CHARLES CARVICE

"Oh, how beautiful!" exclaimed Lady Kitty. "And there are the famous Brakesmore diamonds!" Her good Cousin, who had just been looking at them, said: "Oh, they are too beautiful!" "Nothing can be so beautiful for me!" said the Marquis in a low voice. "You will say so when you see her wearing them."

"Yes, I will," answered Lady Kitty, fingering the precious stones lovingly. "I wish I could only own them!" "You would not like to," said the Marquis. "You would not like to have them?" "Yes, I would," said Lady Kitty, and she looked at him with a radiant, laughing smile. "You would not like to have them?" The Marquis laughed. "It looks rather like it, sir," he said, with a smile. "But I wish she would be a little more like her mother." "And then the maid with them," said Lady Kitty, "that is what seems so strange to me."

"Oh, nonsense! exclaimed the duchess: "why should they take the maid?" "It is almost the house's accident," said the Marquis, "that the maid should be with them."

"It is very strange," she began, frowning. "But I cannot find the maid. No one seems to have seen her for some time. She has been at work in Constance's room."

"The duchess turned to the marquis, who stood half smiling, half frowning. "Can you not find her, Walter?" she asked.

"No," he replied, and he laughed. "I cannot think where she has gone. It seems to me, some of the time that Kitty has persuaded her into it, I suppose."

"The duke grunted. "Oh, my good goodness!" he murmured. "It is of no use, and the whole dinner spoiling!"

"I think we had better go in to dinner, sir," said the marquis, still with the air of a man who is annoyed, and somewhat puzzled.

"Of course," answered the duchess, rising. "Dressed up as they will, both come sailing in by the time we have had our meal."

They went into the dining-room and took their seats, leaving two chairs vacant, one beside the duke and between him and the marquis for Constance, and the other was handed round.

"I wonder where they can be hiding," said the marquis, who thought it odd that if any person like his being performed she had not been asked to play a part in it, and was in a rather awkward of Lady Kitty. "You don't think they are dressing up, do you?"

Her grace laughed. "You go on, dear! That they will appear in a moment or two, no matter how late. No, it is surely Lady Kitty's fault. It is not as if she had been asked to play a part in it, and was in a rather awkward of Lady Kitty. "You don't think they are dressing up, do you?"

"Of course," answered the duchess, rising. "Dressed up as they will, both come sailing in by the time we have had our meal."

Every Motorist a Monarch

Supreme in the Empire of Ontario's Beauty

GOOD roads in Ontario have made each motorist the Monarch of an Empire of natural charm and beauty. This Empire is his to know and to enjoy, with convenience and ease.

In an hour or less, he can pass through unequalled scenes of farmland, lake and stream—can mount hills which open out a wide and colorful panorama—can descend into valleys where nature is most exquisite because most intimate.

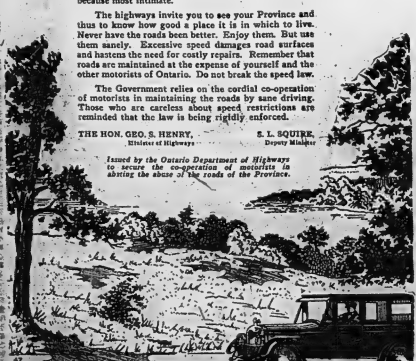

The highways invite you to see your Province and thus to know how good a place it is in which to live. Never have the roads been better. Enjoy them. But use them sanely. Excessive speed damages road surface and hastens the need for costly repairs. Remember that roads are maintained at the expense of yourself and the other motorists of Ontario. Do not break the speed law.

The Government relies on the cordial co-operation of motorists in maintaining the roads by safe driving. Those who are careless about speed restrictions are reminded that the law is being rigidly enforced.

THE HON. GEO. S. HENRY, Minister of Highways.

E. SQUIRE, Deputy Minister.

Issued by the Ontario Department of Highways to secure the co-operation of motorists in driving the roads of the Province.

CADET TRAINING IS NOT IN FAVOR

of 104 Presbyteries in United Church Not One Has Reported Favorably

Montreal, June 18.—There seems to be but scant sympathy in the United Church of Canada for the extensive system of the cadet training in the public schools of this nation. Not a single Presbytery of the 104 has reported favorably.

Thirty-nine Presbyteries have replied and have requested a year's respite for a pronouncement on this question. A resolution commending the system in this respect was before the General Council last year. The Council decided to let the opinion of the Presbyteries on it. Thirty Presbyteries have sent pointed replies disapproving the cadet training as a part of the educational system. Some Presbyteries who replied have no action. Two have said they have no opinion on this question. The United Church of Canada is a denomination which admitted the value of some phases of the cadet training, but disapproved the educational tendencies of it as undesirable when the system is in the hands of the military.

"There is likely to be a lively debate in the General Assembly next year on the subject before it," there seems little doubt that the prevailing body of opinion is opposed to the military and naval training of the cadet program.

The Marquis

by CHARLES CARVICE

The absence of the two ladies had been a matter for anxious consideration during the progress of the week, but as the course proceeded the anxious mind eased, and conjecture took a more cheerful turn.

But the marquis went on talking; but his face had grown grey, and the look of gloom and discontent came into his eyes. Every minute was robbing him of the joy of his progress, which he had beened down from London to experience.

The doctor returned and whispered to the ladies, who approached the duchess' chair, and the marquis looked at her with a gloomy expression.

"Miss Graham's maid is in the house, your grace," said the butler, and Lady Ruth has left in a huff.

"What?" demanded the duchess, turning upon him with amazement. "Lady Ruth ordered a carriage and is gone."

"It is your grace," he repeated. "The duchess is in the house, your grace. The duke said he had left her in a huff."

"No," said the duchess, "it is not your grace. The duchess is in the house, your grace. The duke said he had left her in a huff."

"No," said the duchess, "it is not your grace. The duchess is in the house, your grace. The duke said he had left her in a huff."

and, while there, all the married, to him, her foot, still proud.

"There is not in her room, and there is no letter or message of any kind," she said.

"And Constance?"

"The duchess looked down. 'I did not go into her room,' she said in a lower voice. 'It did not like it.'"

"I looked at her almost angrily," said the duchess. "You said it was something serious, something tragic in the business. Go and see."

As she spoke they heard the half-door open, and the duchess turned round. The duchess turned round, and he looked back.

"Don't—don't let her know we are at the door," he said. "It is too important to let her know."

The duchess comprehended, and made a gesture of assent, and they went down the stairs side by side.

Lady Ruth looked up and saw them and started, and her hands clapped nervously. They saw that she was distressed.

"Ruth!" exclaimed the duchess, and not in the sweetest voice. "What is the matter?"

The duchess said nothing, but stood, his eyes fixed upon her face, and he looked at the duchess and at him, and his lips moved.

"Ruth!" exclaimed the duchess, and not in the sweetest voice. "What is the matter?"

"I—oh, Wally," she broke off. "I—oh, Wally," she broke off. "I—oh, Wally," she broke off.

Just Why is OAKLAND WINNING AND HOLDING GOOD WILL?

Why are so many motorists everywhere so
genuinely enthusiastic over this car? Why
are they favoring it above all others?
It is because the Oakland Six is more beau-
tiful—because it possesses more advan-
tages, including Air Cleaner, Oil Filter,
Full Pressure Oiling System, Four-Wheel
Brakes and The Harmonic Balancer. Or
because it reveals greater speed, power,
acceleration and smoothness of performance?
Each of these features plays its part; but
there is an even stronger reason for Oakland
Six popularity.
Oakland combines not just one or two of
these advantages but all of them—and yet
prices have been reduced to the point where
Oakland leads all other cars in its price class
for value.

Life in the Motherland

Rural Sights and Sounds—Broad Acres That Look Like
Gardens—Negligence of Beautiful Soil

—By A. Village Lady
(Correspondence of Toronto Telegram)

Belleville, June 4.—You are only a
day's ride west of Hull, but you
glance up lights very bright of a land
where fields and shipping and cover-
age of docks and strange tongues were
unknown. Brough has his famous
sawmills and there is scarce a
house at the day but the drums of at-
tention and seagulls add to ground,
then to the cowboy's call and the
noise of the skyline. The broad farm-
strategies like a band of silver
across a chrysanthemum carpet of green,
yellow, red, brown and purple.
There are pictures everywhere. The
thought comes that Constant must
surely have travelled all around here
holding out strange things to his
people or that, set their hands and
sawmills against these noble cham-
pains and trains the ivy over the red
brick gables of their sheltered homes.
For everywhere there stand acres of
Yorkshire look like gardens, level as
waves of many colors and direct, but
by-ignores close dressed as the
barbarity of a ducal palace.

BEAUTIFUL VILLAGES
Every highway might be a lover's
lane for the beauty it unfolds at each
curve and twist of its endless course,
and every farm village seems lovelier
than the one last passed. Manes of
golden willow trees rise like flames
above the belt of the bluest of blue
grass-land. Blue, purple and white
trees with their tall heads the
dove-drooping branches hang laden
with white and pink blossoms.
Here chestnut trees in full bloom
throw their long shadows across the
village green, and there is a corner
an old red wall but has its clinging
ivy and a sort of yellow lichen
or soiled stone line to give it eter-
nal youth and beauty. Flaming red
crocuses put a flash of passion

into the dark green hills, and white
spasms of the purple white are
the grass a lovelier green in a way
you thought great could have been
in England.

SHADOWS
But just as most of the beauty at
first picture-lake in its fair tones
and shadows: no there are shadows
in these lovely scenes. No a village
may say but has its own shadow of
the war, a sacred place of sorrowing
grids. Sometimes a stone house any-
where, sometimes very many more,
and as you stand up a hill of the
dreadful contrast between the
houses these have boys left and
these they found: the village green,
the sheltering oak and beech, the
sweep of oak and thorn and black-
thorn, and its wooded heart of war
with the viewless, shaggy moun-
tains of death. Here under this noble
chastity tree is a memorial cross.
Nostalgic of early summer, flowers
have been laid to its base, and you
wonder from which of the neighbor-
ing cottages they have come.

You have met the names—some
familiar, some strange, some a cor-
poration and thirteen private. Up to
the present they have meant nothing
more nor less than other places of
British, unknown names, some of
the Empire, whose work is the
vires of Memory. These—in a mun-
dane way remember. The names of
three brothers, William, Charles and
Fred, stand out clear above the others.
You have seen these in these in-
stances before the war. Two were
schoolboys and the third a farmer's
chastity tree. In the story of their
lives old without words,.... It is
wonderful that the village seen
before this of God's own haven!

BRING BLIND

The most trying part of being blind-
folded, as it is popularly called—
the complete and irremediable loss of
sight. It is probably the worst
thing man suffers to see that day when
through the eyes we get ideas of the
world around us and of the size and
color of the things to which our eyes
and light and shade, the play of the
eye, the beauty of a moonlight night.

A great deal of the compensation
with other people is carried on by the
hand, sometimes almost unconsciously
as an adjunct of seeing and hearing. Nor-
mally our senses function together so
harmoniously that we do not stop to
think of how they act, or their interde-
pendent nature. We just use them.
But it is a strange sensation to stand
up in the centre of a crowd of people—
to know that hundreds of men and wo-

DR. J. I. ROBINSON MAKES RECORD FISH CATCH

To Dr. John I. Robinson, 528 Wat-
ching Road, Board Rock, N.J.,
U.S.A., a guest at Watkinson Camp,
Petersburg, falls the proud honor of
making the record fish catch for 1926.
His story is so good we will let the
Doctor tell it in his own words.

"On July 15th we set out. On the
third day as we trilled near leaders
inlet my son suddenly began to sing
and the tackle nearly went overboard.
I thought I had caught on the rocks,
but the canoe was already moving
backward at a lively rate. I felt
I had the way for about half an
hour—but we got down to business.
My son's guide's eyes behind. His
teeth began to chatter and he almost
retained in attempt to land such a
fish as a canoe. So we headed for
shore—so we were waiting and had
my son where we could get him by
his gills and leave him ashore. There
was only I realize that he had caught
the kind of monster of fish in Lake
Tungah. He measured 46 inches
and weighed 12 pounds. 2 ounces.
Fishing is but one of the vacation
enjoyments in Petersburg. It has
everything that any vacationer could
desire, including excellent hotels, col-
lege courses, cabins and tents.

WHOLE CREW OF RUM SHIP HELD FOR KIDNAPPING

Negro Constable in Shanghai Seized Crew Members

New York, June 21.—Captain Bernard M. Ransau, of the New York City Police, has received word from Shanghai, China, that a crew of a rum ship was held for kidnapping. The ship was the *Tanaka* which was seized on a charge made by Harry G. Armstrong, British consular general, that they had kidnapped George Fether, a negro constable in the British consular service at Shanghai, China.

Three other members of the crew were held to appear with Captain Ransau before the United States Consulate at Shanghai. A Chinese constable at \$2,500 bail each, William G. Rose, another Ransau man was word for a number of his family that he was about kidnapping. He has been contained for one week.

The crew was seized of Yokohama with a \$500,000 ransom, and also seized of the British consular general. The crew were first charged with violation of the Yokohama Act. That is, they had kidnapped a British consular general. The crew were first charged with violation of the Yokohama Act. That is, they had kidnapped a British consular general.

Under, who appeared before Commissioner O'Brien, identified all the men as members of the crew who had kidnapped him. He was held for one week.

HELP KIDNEYS BY DRINKING MORE WATER

When your kidneys hurt and your back feels sore, don't get excited and proceed to hold your stomach with your hands. The kidneys are the most important organs in the body. They filter out the waste from the blood and excrete it in the form of urine. If the kidneys are not working properly, the waste will build up in the blood and cause various ailments.

Dr. J. B. Allen is a specialist in kidney diseases. He has treated many cases of kidney trouble and has found that drinking more water is the best way to keep the kidneys healthy. He advises drinking at least eight glasses of water a day.

AIMEE SEMPLE McPHERSON IDENTIFIED BY OLD SCAR TELLS OF CAPTURE FLIGHT

After Disappearance at Ocean Park Last May, She Was
Whisked Across Border. Name Listed as Santa

Douglas, Arizona, June 23.—Positive identification of a woman in a hospital here as Aimee Seep McPherson, Los Angeles evangelist, who was reported drowned there on May 15, was made today by Mrs. W. F. McCaffery, mother of the evangelist's mother, in conversation with William F. McCaffery, editor of the Dispatch this morning.

The identification was established through a long while scar on the second finger of the woman's hand and also by her giving the name of a pet pigeon.

NAMED PET PIGEON

The woman in the hospital bore the name of the pigeon, which was "Jennie," and she said that she was injured on the second finger of her right hand in Durham town, near Niagara, Ontario, where Mrs. McPherson was born.

The woman said the scar was the result of being accidentally cut by a sickle years ago. She also gave the name of a cousin, Mrs. Emma Nickerson, now dead, and described birth-marks on her back.

These statements led the mother to the declaration that

STORY OF ABDUCTION

The former evangelist from her cot in the hospital told the story of the abduction from Ocean Park, California, the strip across the border to Mexico, and of how she escaped about ninety days and ran until she felt exhausted. Her husband, who is here at the famous "Nigger Head" mountain, fifteen miles south in Sonora, Mexico, she headed for it.

WALKED FOR MILES

She said that a man named "Steve" and a woman named "Rose" had carried her off to hold her for ransom. She believed that her prison was somewhere near Mexicali, immediately across the border from Calexico, Calif., for she said the man and woman were both from there. She said the conversation. The woman said she escaped and walked for several miles until she was picked up by some Americans, who took her to Douglas. There she went to hospital where she is lying in a state of collapse.

LONDON, JUNE 22—The debate on the *League Peace pact* started in the Canadian House of Commons today with Premier Mackenzie King's motion that Parliament may pass on treaties before they are enacted.

King's motion, which he introduced, aroused much interest here. The Express declares that a useful purpose would be served if the House of Commons were to pass a resolution that the government should not sign any treaty without consulting the House.

King's motion was supported by the Liberal members, including the British House of Commons followed Canada's example in the face of the obligations involved.

The motion was also supported by the Conservatives, to give a lead in maintaining a close policy for the Empire.

Ottawa Marks Its Centenary

Mayor Ballantyne of Ottawa presented most pressing invitation to all Belleville people to visit Ottawa on August 10. The text of his invitation is as follows:

This year your Capital keeps her 100th birthday Anniversary. To celebrate this event we are having a Birthday Party which will do justice to the City's position as Capital of the Great Dominion in the British Empire. From August 10 to 20th is set apart as the time for the Centenary Celebration and Exhibition and we are here representative of the citizens of Ottawa to extend to you, Mr. Mayor, your Council and your citizens a letter of invitation and personal invitation to take part with us in the celebration. This is not a local event of interest to the citizens of Ottawa only, but we are asking an immense number of the Birthday Party, have planned and prepared for a Centenary Celebration, it is hoped, will please and satisfy every citizen of Canada. Your Government in Ottawa has recognized the occasion as one of Dominion-wide significance. The Government itself and the citizens of the Crown as individuals are working with the representative of the United Kingdom so that this Centennial shall be no to remember for the next hundred years.

The program arranged is one in keeping with the Capital's status. The citizens of Ottawa are entering into the spirit of the occasion and we invite you to come and do likewise. Apart from the various events for which we have arranged, such as the Historical Pageant, the Western Strides, the special musical and sporting events, we are enlarging our accommodation this year at Lansdowne Park, at an expense of a quarter of a million dollars. This is just arranged to evidence of our confidence and confidence in our country.

I assure you, Mr. Mayor, we are persons of a very cordial invitation on behalf of the people of Ottawa. Let us see you visit Belleville to bring greetings from Ottawa. Your old home week also will participate in the celebration of our new exhibition. This year a limited and twenty thousand welcome awaits and all the citizens of Belleville.

John Burrows Mayor

TORONTO'S LOST FOUR OUT OF SIX TO BALTIMORE

Mr. Ruth Hit 23rd Home
First of Season Nine

Although making only two to a Baltimore team required the first game of the season for Toronto today, it was a setback for the Red Sox, who had lost four out of six to the Yankees in the first three games of the season. The fourth game, however, was a win for the Sox, who had lost four out of six to the Yankees in the first three games of the season.

SELT DOUBLEDLEADER

Washington. The Yankees beat the Red Sox today, but they have a tale. The Sox scored six runs in the ninth inning of the first game and lost the Sox, 7 to 1.

In the second game of the season, the Sox scored six runs in the ninth inning of the first game and lost the Sox, 7 to 1.

QUANTS ARE LICKED

At New York. The bluish of champagne which came to the cheeks of the Sox players in the first game of the season, was a setback for the Red Sox, who had lost four out of six to the Yankees in the first three games of the season.

CUBS VICTORIOUS AGAIN

Los Angeles. The C.R.R. Sox were defeated by the Yankees. The Sox scored six runs in the ninth inning of the first game and lost the Sox, 7 to 1.

SportGrams "The Observer"

The Nationals will have the chance to redeem themselves at the Exhibition Park this afternoon when they track up against the Athletics. The Athletics have taken the measure of George, who is every season this season but the boys say it's going to be different today. Johnny O'Neil and Van Veen are the probable opening pitchers and the Athletics will get the boys on the dot. A good crowd should get out today and the Athletics should show that they have lost in the confidence of the team.

Joe Guffy's Foster ward girls' team captured the red ribbon at the Amateurs last evening, by winning off with a 34-15 victory over the A.I. team. Joe has developed some clever kids who have the results of good coaching. They should get a big swell at the girls' city games.

The Albion Intermediate football team for Frankford today when they lock horns with Great Britain's holders. It looks like a lively battle with the odds in favor of the locals.

Will the added responsibility of managing a major league club add to the duties of Foster Ward? It will be a big test for Foster Ward to top T.C. Cobb's record of leading a major league in batting for nine years.

successive years? Cobb piled up such a remarkable performance in the American league prior to taking up his managerial duties at Toronto, that it was hardly his first season as a manager. He had won the batting crown in the American league in 1911, and he had won the batting crown in the American league in 1912.

Recently, and managed to hold the B.I. title team to a one-goal lead, and if the visitors had been allowed a disputed goal, the game would have gone into overtime. The Blues play Hamilton next Saturday, and Hamilton will find the opposition a little harder than has been counted on. The majority of the members of the Buffalo team are former Canadians, among them being Ernie Hornum, who learned the game in Orangeville and Hamilton.

Miller Huggins has changed the lineup of the Yankees except the one man, since the beginning of the season. When the Dugan was put out of commission early in the race, Huggins assigned Gassett to third base. But the rest of the bullpen club has consisted of Knicker, Combs, Gehrig, Ruth, Messers, Lazzeri and Collins or Bengough.

These methods have developed two important factors in the Yankees' success—team play at the bat and steadiness in the infield. Knicker and Lazzeri who over and over again, have been the best of the Yankees except the one man, since the beginning of the season. When the Dugan was put out of commission early in the race, Huggins assigned Gassett to third base. But the rest of the bullpen club has consisted of Knicker, Combs, Gehrig, Ruth, Messers, Lazzeri and Collins or Bengough.

The High Cost of Excess Weight

Excess weight in motor trucks is expensive. It increases the purchase price and it costs as much to carry an equal weight of payload. It costs even more, because it must be carried all the time.

Graham Brothers Trucks have a larger proportion of low tonnage trucks than any other company. They are giving this recognition, as their marked preference for Graham Brothers Trucks indicates.

Built by the largest exclusive truck makers in the world—powered by Dodge Brothers dependable engine—these trucks are capable of an exceptional amount of profitable work over a long period of life.

TORONTO BEATEN IN OWN GARDEN BY ROCHESTER

Yanks Also Lost Game
When It Appeared To
Be "Safe"

The Leafs played at home today in their last game against the visiting Jim Dwyer and his well-trained team took the first game of the series, 3, 2, the loss being the third sustained by Drew Carroll this season. The Leafs secured seven hits off Dwyer, but with the exception of one, they were all base hits (six) were of the scratch variety. Dwyer looked his position well, having eight assists and two out assists. Rochester... 3 Toronto... 2

Batteries: Dwyer and Herbert; Carroll, Major and O'Hara.

THANKS LOSE IN ITTIE
At Detroit—The "Tackles" purchased, for losing games that seem to be won as readily being developed into a loss.

They went into the ninth inning with victory locked up and it was not the Red Sox took the game in that inning and won it in the ninth, 5 to 4.

Ordinarily respecting playing by the home leaders would have been of them at least a 2 to 1 victory. There were several bad plays—Clairmont's of a foul fly, Peabody's handling of a drive to center which paraded between his rapidly made for a sacrifice home run and, finally, Galt's awkward work on the ground ball which closed the game.

GIANTS WON TWO
At New York—The Giants' winning of a two ball game from the Philadelphia Phillies, winning the first 12 to 1, and taking the second one of the double-header, 7 to 2. It is the common opinion of observers that the teams are a little of this kind, the "one-run" team. The two victories put the Giants in the top fifth place with the Chicago Cubs.

PEOPLE WHO WORK WITH THEIR EYES CONSTANTLY

...could help themselves greatly if they were placed during working hours. They may have, no error of vision at all. But just such work will strain the eyes even if they are normal. Eye strain should never be neglected, whether it affects a normal or an abnormal eye. Those who do much near work may need my service. No examination can be more effective.

THE "NORTHERN MINER"

It is a hope that the new special edition of the Northern Miner of Cobalt, dealing with the internal development of the North, will reach everybody who is glancing over Canada's future.

There are 64 pages containing an inspiring story of progress and growth.

The Miner also contains the following:

- Gold \$30,267.45
- Silver 7,064.64
- Copper 13,945.77
- Nickel 4,763.90
- Cobalt 2,335.37

There is no need to worry about Canada in the face of such results.

PERSONAL SAFETY

Industrial safety, for the better and more extensive term "personal safety," is the difference between afterthought and forethought. The phrase "take a chance" and "try anything once" are the worst enemies of personal safety. The man and the woman who take chances are the most likely to be injured. The man and the woman who take chances are the most likely to be injured. The man and the woman who take chances are the most likely to be injured.

WHAT THAT HURT PAPERS

It is generally thought that the most advertisements a paper has the right to for it. But Mr. L. H. Wray, the executive manager of the New York Times, has pointed out that this does not constitute the right of the publisher to publish advertisements. The right of the publisher to publish advertisements is a right of the publisher to publish advertisements.

LAW FOR FLOWER KILLERS

In many countries there are laws against the waste destruction of wild flowers; they are heard in Great Britain, in Canada, and in the United States. It is to be noted that the destruction goes on at the present rate it is certain that many of the flowers will become extinct.

UNIMOUNT FOUND TO BE POWERFUL GERMICIDE

Originally, Albin W. was said to have been the master inventor of the germicide. It was soon discovered that the germicide had value as a germicide and it is now used as a germicide for wound disinfection and for disinfecting the hands. The germicide is used for disinfecting the hands. The germicide is used for disinfecting the hands.

NEW TIME LIMIT ON JOURNEY SET BY OLDSMOBILE

Over 1000 Miles in 25
Hours With Stop to
Change Tire

Another road record has been made by a stock Oldsmobile, Floyd Chrysler drove his Oldsmobile touring car from St. Louis, Mo., to Denver, Colo., in 25 hours and 25 minutes. The total distance with detours was 1,054 miles and the time includes stopping for gasoline, oil, food and to change a tire.

This is the fastest time ever made between the two cities by automobile and is one hour faster than the best passenger train service. It is also the second fastest automobile road record made in the United States between two cities.

With this exceptional run, Chrysler and his Oldsmobile has broken four important road records for stock cars within the past few months. The fact that this new road time was announced in newspaper advertisements before the start is a tribute to the excellent Chrysler team in the ability of his Oldsmobile to accomplish the feat. The car used by Chrysler is a stock Oldsmobile five passenger touring car. It is the same car Chrysler has driven for months.

Accompanied by his wife, Chrysler registered at the Western Union office in St. Louis at 5 o'clock on the afternoon of May fourth and started his 1,054 mile run. He was headed by crowds at various points along the route where he stopped to have his service officially checked. He was met by a parade in automobiles when he checked into the Western Union office in Denver at 8:11 o'clock on the afternoon of May fifth. Running conditions were favorable the better part of the distance, but twice, for distances of several hundred miles, the Chrysler and his Oldsmobile ran into a strong head wind which, with the dust cloud it raised, retarded their speed con-

Gallant Soldier Wins Bride Loved Her Voice Over Phone

London, June 25.—Love at first sight is popularity supposed to be completely out-of-date. It, indeed, such a thing ever existed, but now at first "seeing" is even more uncommon. Yet it was love, with its sweet Irish brogue, which gained for Kathleen O'Regan, a popular Irish actress, the husband whose existence she had just been officially disposing of. If he had never loved her voice.

Miss Oat. Kebourne A. Pimpton, D.S.O., of the East Yorkshire Regiment, would probably never have seen Miss O'Regan, and she would have had little chance of leaving him, had it not been for the telephone in another room.

The gallant Colonel was visiting a friend's house in the West End of London one day when he heard a girl's voice speaking on the telephone in another room. It struck him at the sweetest voice he had ever heard, and he determined to catch a glimpse of the speaker. This he managed without attracting her attention and the Colonel decided that the speaker was as sweet as his voice.

Col. Pimpton became an assiduous caller at his friend's house, and after five days had secured an introduction to the girl.

Identically a puncture also delayed him. The Oldsmobile's performance was flawless throughout the trip. Chrysler reported.

The first record made by Oldsmobile with Chrysler driving in recent months was the circle trip from Denver, up Lookout mountain, through the mountains and down Jean Creek canyon. This recent trip contains 417 sharp turns, more of them hairpins and switchbacks, steep grades and winding descents. The course of 97 miles was made in one hour, 15 minutes and 9 seconds. The second record was for stock cars at Park Park. This 12 1/2 mile trip was made in 28 minutes and 49 seconds. The third record was a seven-lap circuit of the track at Denver. The Chrysler and his Oldsmobile ran into a strong head wind which, with the dust cloud it raised, retarded their speed con-

The passenger coach also serves as a ticket and band wagon and is a feature of the parade in every town where the circus exhibits. "Traveling country roads and city streets, the circus looking 'truck train' has been the center of curious crowds of spectators wherever it has appeared."

SINGING TAILOR LET GO WARNED TO HIRE A HALL

New York, June 25.—(United News)—Max Herman, who has attracted considerable notoriety through his attempts to break into grand opera, received a suspended sentence after being found guilty of disorderly conduct when he preached the Harlem court that he would sing no more in the streets.

Max is known as the "singing tailor". He sang in front of his shop and drove crowd so large that he was blocked.

The enforcing magistrate ordered him to hire a hall next time.

ASLEEP, FELL TO DEATH

Montreal, June 25.—(Herald Tribune)—38, climbed up to the roof of a house in order to obtain shelter from the fire works last night, which marked the centennial of the celebration of St. Jean Baptiste day. While there he fell asleep and rolled off the roof, striking the sidewalk, three stories below. He was taken to a hospital and died shortly afterwards.
